As of February 6th the city no longer broadcast its video signals in analog. Over the past few months we have been talking about switching from an analog signal to a digital signal. Hopefully, our previous newsletter articles were helpful in preparing you for the new signal. If you are charged for cable television and are not receiving any channels by February 7th, contact City Hall for assistance.
 (If you purchased a digital tuner **converter box, it must be QAM compatible**).
Please take time and review the tuner box instructions for easy set-up.

There will be no curbside pick-up for old TV's. Do not put your old TV's in the City garbage collection, they will not be picked up. If you have a TV to dispose of, you may bring it to the Solid Waste Facility in Quinnesec, or wait till Spring and discard in the city dumpster at the DPW garage.
