UTILITY BILL—LATE PAYMENT DISCONNECTS

Effective Immediately there will be no payment arrangements made on past due utility balances to keep internet, CATV, or telephone services active. Utility bills must be paid in full in order to keep any of these services active at your residence. Payment arrangements will be acceptable ONLY to keep electric, water, sewer, and garbage service active. A missed payment on an arrangement will result in service disconnects the next business day.

If you are seeking assistance with your utility bill thru any help agency, disconnect holds are only applicable to electric, water, sewer, and garbage. Internet, CATV, and telephone services will still be disconnected until the utility bill is paid in full. Please contact City Hall offices with any questions you may have.

Proper Disposal of Hypodermic Needles and Prescription Drugs

Safely disposing of home generated used hypodermic needles and prescription drugs is important. Disposal rules and regulations vary across states and localities. See below for regulations for safely disposing of used needles and prescription drugs.

Please do not flush prescription drugs, needles, syringes, or lancets down the toilet. This is extremely dangerous and can cause harm to people and pollute our environment. People at the greatest risk of suffering a needle stick injury include sanitation and sewage treatment workers, housekeepers, and children.

For proper disposal of prescription drugs in Dickinson County contact:
